Graduation is right around the corner. How is it even possible?

SHPS represented well at our first Model U.N. Conference under the leadership of Mrs. Kolodny. Anylisse Miller, Ellerie Lau, Kelly Lao, and Jessica Boudreau were involved in general debate on issues previously researched, speeches combating such things as racism and committee meetings to create resolutions. Jessica was awarded Best Research Paper for her position on Sustainable Energy. Way to go girls!

**Eighth grade puts their minds to work in Science to build model cell structures.**
