2016

A summer of innovation and fun for curious minds.

Welcome

Our camp at Southern Highlands Preschool camp offers a fun-filled summer program for children 2 to 5. Each week preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun! We create a summer experience that is unforgettable!

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Our camp program will inspire your child's mind to engage, explore, create and stay active this summer!

Budding Builders

Preschoolers become architects and designers by making models of bridges, building towers and constructing roller coasters. The possibilities are endless!

WEEK 2

Water, Water Everywhere

Campers will dive into seaside adventures and learn about ocean creatures of the deep. They will also get hands-on learning with liquid science experiments. To cool off from the summer heat, a friendly water relay will be held outside.

WEEK 3

Crafty Campers

It's time for crazy camp crafts. We let campers express themselves through new experiences such as painting on a real canvas, making beads and jewelry, and so much more.

WEEK 4

Imagination Station

Campers really tap into their brain power by participating in group storytelling sessions as well as dabbling in predictions and engineering projects. Inventions start as wild ideas!

WEEK 5

Fantastic Tales & Super Stories

Our awesome super hero campers will strengthen their super powers through group projects and peer interactions that encourage positive relationships.

WEEK 6

It's Hip to be Healthy

This week focuses on health by practicing fun exercise activities and how to fuel the body with proper nutrition. A healthy life is a happy life!

WEEK 7

Messy Mixtures & Experiments

Messy science experiences are the best kind. Our campers will be surprised to find out what goes into homemade play dough, "ooobleck," 3D sand painting and more. There will be lots to hypothesize this week.

WEEK 8

A Pirate's Life

Ahoy and avast, ye lubbers! Campers can weigh anchor from land as they come aboard Captain Gomer's pirate ship wearing their best pirate garb to help Gomer and his mateys find buried treasure.

WEEK 9

World Travelers

Get your passport ready! Travel by boat, plane and train to see amazing sites all over the world. Explore multicultural customs and taste special foods from far-away places. Make colorful crafts, play global games and dress-up in traditional clothing from across the continents.

WEEK 10

Krazy Kitchen Chemistry

Campers can find out what happens when they put baking soda in vinegar, as we spend a week experimenting with items they can find in their own kitchen. We will create some delicious edibles and some interesting reactions.
