Re: CHANGE IN LUNCH PROGRAM

Dear Southern Highlands Preparatory School Parents:

We are pleased to announce that next school year we will be having BetterLunch [www.mybetterlunch.com](http://www.mybetterlunch.com) as our school lunch provider. We believe this change will be a positive one, as the ordering process is simplified and also includes an easy to use phone app. We can look forward to some menu changes as well as continuing to see the student's favorite entrees still being offered. Please email [hello@mybetterlunch.com](mailto:hello@mybetterlunch.com) with questions regarding this process. Additionally, there will be no change to the cost of hot lunch.

The 2019 school fall lunch menu will be posted by August 1, 2019 to allow you time to get registered and place orders. The ordering portal will request a **SCHOOL CODE** which for our Preschool students will be **1037PK** and our Elementary & Middle School students will be **1037**.

We look forward to having BetterLunch at our Meet the Teacher where they will be able to answer any questions you may have.

Warmest Regards,

SHPS
